## ABOUT ME

---

As a final-year Bachelor of Technology student in Computer Science and Engineering, seeking a good position to apply programming skills, gain professional growth, and contribute to company success.

## TECHNICAL SKILLS

---

- **Programming Languages:** Java, C.
- **Web Technologies:** HTML, CSS, JavaScript.
- **Databases:** MySQL, MongoDB.
- **Tools:** GitHub, Jenkins.

## VIRTUAL INTERNSHIPS

---

### Web Development Intern - CodSoft.

*August 2024 - Present*

- Working on three different projects named landing page, portfolio, calculator.
- Up to now interactive landing page and personalized portfolio is completed using front end.

### JAVA Programming Intern - InternPe.

*June 2024 - July 2024*

- Covered some important concepts in java like OOPS, Exception Handling, Collection framework, JVM.
- Created an engaging java-based Number Guessing game, Rock Paper Scissors, Tic Tac Toe games in this internship.

## EDUCATION

---

### Bachelor of Technology (Computer Science and Engineering) - JNTUK

*2021 - 2025*

Sasi Institute of Technology and Engineering, Tadepalligudem, West Godavari, AP.

**CGPA - 7.5**(till date)

## PROJECTS

---

### PORTFOLIO WEBSITE (Html, Css, JavaScript)

*July 2024-August 2024*

- Website about me and my resume, achievements, skills and even my projects.
- Contains my coding profile links like code 360, leetcode, codechef, hackerrank etc.
- Everybody can contact me using this website by social media or even from website.

### WEATHER APPLICATION (Html, Css, JavaScript)

*May 2024-June 2024*

- Beautiful website to know about the details of weather at a particular location.
- All cities of india's data are connected by using google.
- Special feature is the current location i.e website will track the location and display the temperature.

### ADD TO CART (Html, Css, JavaScript, MongoDB)

*August 2023-September 2023*

- Built a web interface for adding a product to the cart and check total amount of products added.
- The functionality of this website is just like the clone feature of amazon.
- We can add, delete cart items as per our wish and mongodb is used to connect the database.

## SOFT SKILLS

---

- Communication Skills.
- Time Management.
- Team Player.
- Adaptable.
- Multi tasking.
- Fast learner.

## CERTIFICATIONS

---

- JAVA complete course using visual studio code from Udemy.
- Web development masterclass from Udemy.
